(54) RADIO ZONE SELECTION SYSTEM FOR MOBILE COMMUNICATION SYSTEM

(57)Abstract:

PURPOSE: To avoid the convergence on one radio base station and a conflict with other mobile stations.

CONSTITUTION: In the mobile communication system consisting of plural radio base stations 1-1-1-N and plural mobile stations 2-1-2-M, the respective radio mobile stations 1-1-1-N broadcast usable radio channel quantity information. The mobile stations 2-1-2-M when judging the necessity of hand-over processing at the time of origination or during a telephone call selects the necessary radio base stations 1-1-1-N and access them so as to avoid the convergence on one of the radio base stations 1-1-1-N and the conflict with other mobile stations 2-1-2-M.

LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]
